Professional experience

Research internship on side-channel attacks

Naist, Nara, Japan (June - August 2026)

- Side-channel attacks: SPA, DPA, CPA, 9th round on AES, study of “deanonymization attack” on TOR.

Pentest internship in a firm

Maestro startup, Grenoble (July - August 2025)

- Complete testing of a web , cloud and mobile infrastructure: supabase (locale), flutter & android studio.
- Report on found vulnerabilities and suggestions on the remediation.

Professional experience

CTFs & Rankings

- K17 (top 17), Hack.LU (top 90), “Marine nationale” (French naval army), patriot CTF, CSAW, Cryptonite (top 100).
- HTB (profile link): university ctf 2025, seasonal boxs & writeups (docker, backups services, misconfigurations, …).
- Boxs & CTFs writeups (web page link).
- rootme (profile link): CSP bypass, SQLi, de-obfuscation, cron jobs, suids, …
- PortSwigger: XSS, SSRF, GraphQLi, path traversal, SQLi, …

Projects

- Recoding malloc in C (memory calls, blocks size, allocation per service)
- Development of a service handler (memory allocation, multi-thread, memory allocation, stack handling)

Skills

Pentest

- Linux - exploitation (sudo, suids, process), multiple tools (gtfobins, linpeas), rootme (50% app-script).
- Web - Portswigger (XXS, SSRF, GraphQL, LFI), OWASP top 10
- Scripting - C (multi-threading, data structure, memory handling), C++ (libraries, optimisation, parallel execution), python (libraries, graphs, databases), bash (scripts automation)

Others

- Langues - anglais niveau C1 (courant).
- Présentation - rédaction de plusieurs rapports et writeups, écriture de reviews de films.

Education

ENSIMAG

Grenoble (2023 - 2027)

Double degree - Master cybersecurity & Information Systems Engineering.

- Advanced cryptography & protocols (RSA, dpa)
- Network (protocols study: ARP, HTTP, TCP, DHCP, VPNs & tunnels)
- Computers architecture (VHDL CPU coding)
- Development projects (C window handler, Java game, Java compiler made in C++)

Extra-curricular activities

Student clubs & events

- Vice-president of a cinema club (Weekly film screening, finances, arthouse cinema discovery events).
- Making of a student short-film.
